

THE MEADOWS™ AT PEMBERTON

WE'RE NUTS ABOUT GOLF.™

NO DRIVING RANGE. NO GOLF PRO. NO FANCY TALK. NO WEIRD PANTS. JUST A GREAT GAME OF GOLF, EPIC VIEWS, FRONT NINE MEADOWS, FORESTED BACK NINE, AN ISLAND GREEN... AND SOME COLD BEER. OK, MAYBE A FEW TALL TALES OF BLACK SQUIRRELS TOO.

The Meadows at Pemberton is a unique golf experience. Often referred to as 'Whistler's Best Kept Secret', our 18 hole, par 72 golf course offers excellent bent grass greens with distinctly different layouts for both the front and back nine greens. The front nine – referred to as 'the meadows' from which we named the course – is a challenging wide open game with two par 3's and our signature eighth hole island green. In contrast, our forested back nine – the birthplace of our rare and legendary black squirrel sightings – is a tighter, more challenging game that has, on most occasion, surprised even the most seasoned golfer.

Our valued current members are always given first priority when booking yearly memberships. 2010 memberships can be reserved by mailing your membership application along with credit card number or a postdated cheque for April 5th, 2010.

Note: all payments including cheques must arrive at the course prior to April 15th, 2010.

Membership purchases will be opened up to the general public on March 1st, 2010. As always, The Meadows at Pemberton will be offering limited membership sales to ensure our service excellence and general golf experience are of the best possible quality.
